PROFESSIONAL EXPERIENCE

SakRobotics Lab Pvt. Ltd.

Oct 2025 – Mar 2026

Software Engineer Intern

Bhubaneswar, Odisha

- Developed responsive web application interfaces using modern frontend technologies.
- Performed manual API testing using Postman to validate REST API endpoints before deployment.
- Collaborated with cross-functional teams using Git and Agile development practices.
- Gained practical exposure to software development, debugging and deployment support.

Striving Squad Pvt. Ltd.

Jun 2024 – Jul 2024

Intern Trainee

Bhubaneswar, Odisha

- Developed a Car Rental Application using React.js and Tailwind CSS.
- Implemented car listings, booking forms and responsive UI.
- Collaborated with mentors to debug, optimize and improve application performance.

PROJECTS

ShopNest - Ecommerce Platform | MongoDB, React.js, Node.js, Express.js, Razorpay, Postman

- Developed an e-commerce platform with role-based access (Admin, User, Delivery Agent) and secure authentication.
- Implemented real-time order tracking using Socket.IO for better customer experience.
- Designed optimized RESTful APIs and MongoDB schemas to improve backend performance.

Drowsiness Detection System | Python, OpenCV, Dlib, NumPy

- Developed a real-time driver drowsiness detection system using computer vision and facial landmark detection.
- Implemented an alert mechanism that warns drivers during prolonged eye closure.
- Optimized frame processing for faster real-time detection.

Car Rental Application | React.js, Tailwind CSS, Jest

- Built a responsive single-page application using React.js with reusable components.
- Implemented car listings, search, filtering and booking functionality.
- Improved user navigation through responsive UI and efficient state management.

CERTIFICATIONS

- NPTEL Certification - Introduction to Industry 4.0 and Industrial Internet of Things
- NPTEL Certification - Cloud Computing
